

Modular design  
offering flexibility

Servo driven  
index

Fast, smooth & quiet  
chainless rail system

Sealed print arms

Servo driven print  
heads

Quick release  
horizontal pneumatic  
screen clamping

Large bore squeegee  
cylinders

Quick-fit squeegee &  
Flood-blades

Front & rear tool-free  
micro adjustment

Easy tool-free front &  
rear off contact  
adjustment

Advanced PLC control  
system & HMI  
interface

# adelco MATRIX

A versatile carousel based screen printer that  
provides more **versatility** for **high-production runs**.

High density print  
mode

Auto lift print  
heads

Increased space  
between pallets

Rigid pallet arms

High grade solid  
aluminium  
quick-release  
pallets

# Safe, Modular, Expandable .

The Matrix Oval screen printing machine from Adelco offers a more efficient use of space thanks to its oval-shaped design. It offers greater stability with larger print press areas than comparable carousel based machines. The Matrix Oval provides more versatility with multiple flashes, cooling and specialty print stations, providing the most demanding ecological print solution.

Available in three standard print size formats, the Matrix can be configured for almost any production requirement with up to 66 pallets and print stations. Its servo driven print heads enable cycle times in excess of 900 prints per hour.

It has a unique rail and drive system quality that ensures almost silent operation, creating a quiet garment print-shop environment.

Pallets are securely locked with hardened locators. Indexing to an accuracy of  $\pm 0.02\text{mm}$ .

Safety barriers, proximity sensors, and safety lasers run the full length of the machine that immediately stops the machine if activated. The Matrix Oval is designed with safety as a priority, with worldwide renowned certification.

The Matrix Oval offers unparalleled support of print heads & pallet arms during print cycle for exceptional print quality and repeatability.

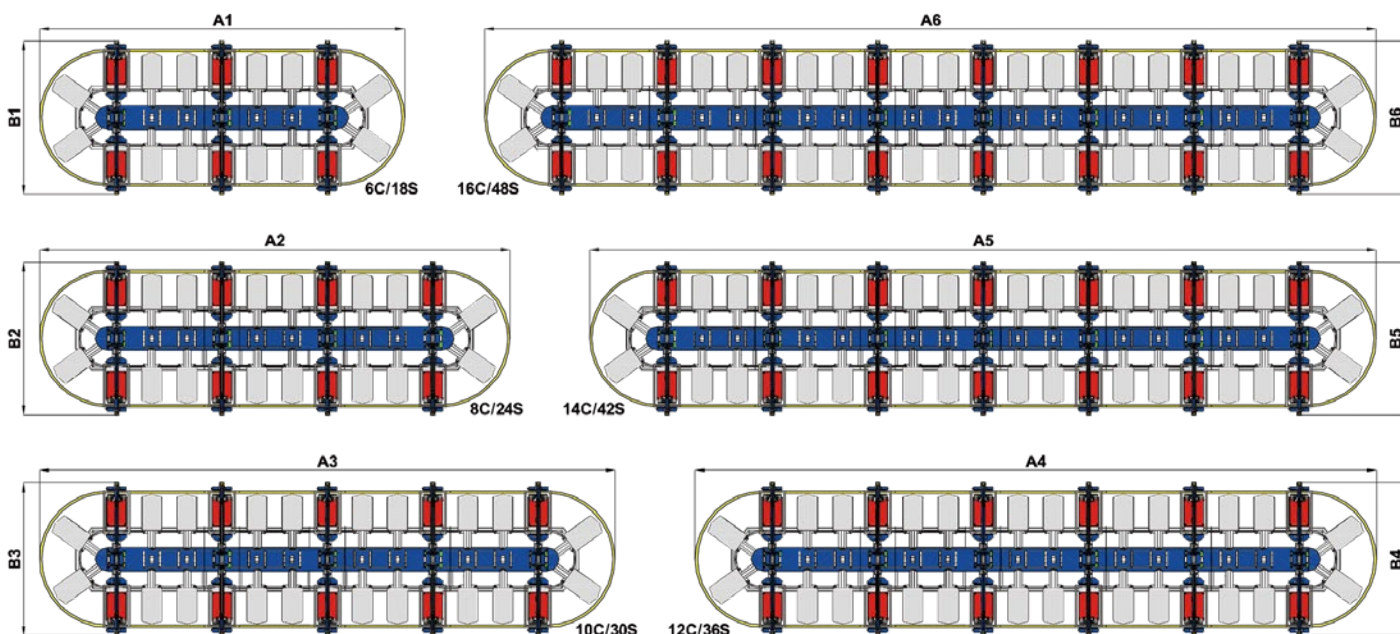

Electrical Requirements	
<28 stations	>28 stations
1 phase 220V 2KW + 750W per print head	1 phase 220V 4KW + 750W per print head

Air Supply	
Pressure	CFM (per print head)
100PSI/7bar	3 CFM

Standard Image Area	Max Frame Size	Max Machine Width	Length
45x60cm (18"x24")	64x100cm (27"x43")	363cm (143")	Depends on format
50x70(20"x28")	69x110cm (27"x43")	398cm (157")	Depends on format
60x80cm (23.5"x31.5")	79x120cm (31"x47")	418cm (165")	Depends on format
